**HCO WW SECURITY FORMS**

**7A and 7B**

(Employment Sec Checks)

(Reissued from HCO Policy Letters of September 13 and September 18, 1961)

These two Security Checks have been devised specifically for employment—i.e. to check applicants for employment, or personnel already employed. Each Sec Check should take no more than twenty minutes, and is completely effective if expertly done.

**HCO WW SECURITY FORM 7A**

**(For Staff Applicants)**

Person's Name \_\_\_\_\_ Date \_\_\_\_\_

The following Security Check is for Security use. All other Security Checks have passed into processing use and so can no longer be used for Security, taking too much time, and the auditor seeking to clear every question.

**DIRECTIONS**

Use a standard organization approved or manufactured E-Meter such as the British Mark IV.

Make certain, by can squeeze, that the instrument is plugged in and adjusted.

Use the meter strictly in accordance with the manual *E-Meter Essentials*.

Read only *instant reactions*. Do not use latent reactions of the needle. If the needle reacts within a 1/5th or 1/10th of a second after the question is asked, it is an *instant read*. This is valid. If it reacts 1/2 to 1 second after the question, this is invalid. Explore only *instant* reads on any check. Ignore all latent reads.

It should take only 10 to 20 minutes to give this check. If it takes longer you are doing something wrong.

All you do is put the applicant on the meter and read the questions to him with sensitivity set high (1 dial or more drop for can squeeze).

Keep the needle near centre of dial. Don't adjust it while asking a question. Don't ask a question if it is uncentred.

If you get no reaction go on to next question.

If you get a reaction, *compartment* the question, (reading it word by word and phrase by phrase) and see if any one word or any one phrase falls rather than the question as a whole. Clear each word or phrase that reads on the needle. Then read the whole question. If it is the whole question that reacts, it is a flunk.

Don't clear flunks. Just go on to next question.

The person being checked does not have to answer anything verbally.

The person giving the check does not have to find out or get off any withhold as this is not a processing check.

A needle reaction must be clearly established to be a reaction to the question before it can be a flunk.

The tone arm action is ignored.

Rising needle is ignored.

The Auditor's Code is ignored.

Processing is ignored.

You'll find that the main trouble with giving this check is that it is so easy to give that people try to complicate it.

ANY question still reacting after it has been cleared word for word or phrase by phrase FLUNKS the Applicant. That's it. One question that reacts and the person cannot be hired. It is not permitted to hire the person for anything or for any reason or for any purpose until the person is wholly cleared. You must not goof on this. Don't hire people who cannot pass this check.

If a person is guilty of any part of this check, the person *will* react on that exact question, providing the question is put to the person directly (not his shadow).

There are no nul questions to be given the applicant.

The following statement is read to the applicant:

-----

"This is a Security Check I am giving you. These are E-Meter electrodes. This is a very modern instrument developed after ten years of research. It can and does detect guilt very easily. If you pass this check you will be trusted. If you fail to pass this check, you cannot be employed here without extensive processing with Scientology.

"You do not have to speak or answer if you do not want to. It makes no difference.

"Here is the first question."

1. If anyone found out about something you've done in this lifetime, could you be blackmailed about it?
2. Are you a pervert?
3. Have you ever stolen from an employer?
4. Have you ever falsified records to obtain money by fraud?
5. Have you ever tried to get a fellow worker in trouble by telling lies about him or her?
6. Do you hate all employers?
7. Are you or have you ever been a Communist?
8. If you were employed here would you try to damage this organization?
9. On your last job did you consistently complain about being overworked and underpaid?
10. Have you ever worked in an organization just to spy on it for others?
11. Have you even taken money for passing on confidential information?
12. Have you ever consciously driven customers away from your employer?
13. Do you privately think we are a fraud or a racket?
14. Have you ever secretly bought anything yourself and sold it to your employer at a profit?
15. Have you ever taken a bribe or a secret commission to give someone an employer's business?
16. Is there something about your past jobs you are hoping desperately we don't find out?

17. Do you hate work of any kind?
18. Do you have a criminal record?
19. Are you wanted anywhere by the police?
20. Do you intend to quit soon after starting work here?

-----

The interrogator can smooth out any ARC breaks caused.

-----

If the needle gave consistent or unmistakable instant response on any of the above, the applicant may not be employed at this time.

The applicant, feeling falsely accused, should be informed he has the right to be security checked by another person with the same form.

**HCO WW SECURITY FORM 7B**  
(For persons now employed)

Give this check in exactly the same way as HCO WW Security Form 7A.

Failure to pass one or more questions on this check results in suspension until processing has been given.

The security checker does not attempt to clear or process any of the following questions if they produce *instant* needle reaction. Clearing questions is an auditor's job and is done in an auditing session, not while receiving this check.

If a question produces instant needle response, clear it word by word and phrase by phrase until all words and phrases are as null as they can be made. Then test for reaction to the whole question. If it reacts then it is a flunk.

The whole test is always completed.

It should take 10 to 20 minutes at the most.

Read the following to the staff member.

“There is nothing personal about this check. It is for your protection as well as others. If you pass it you have no worries. If you flunk it you will be suspended immediately until processed on your own arrangements. If you feel you have been falsely flunked, if you are flunked, you can demand that another skilled person give you the same check over again. But you may only be checked by two people.

“Here is the check. You do not have to answer anything if you don't care to.”

1. Have you ever committed any criminal act for which you could be blackmailed now?
2. Do you or your close family currently have any connection with organizations violently opposed to L. Ron Hubbard?
3. Have you ever personally accepted a commission, percentage, bribe or “gift” for giving any firm or person this organization's business?
4. Have you ever stolen anything here?

5. Have you ever falsified an expense account here?
6. Have you ever falsely accounted for petty cash?
7. Have you ever maliciously gossiped about your fellow staff members or your superiors?
8. Are you here purposely to upset or damage Scientology or Scientology Organizations?
9. Have you ever cautioned anyone about following L. Ron Hubbard's directions or data or told them not to?
10. Have you ever maliciously criticized Scientology, its organizations, data or people to persons outside this organization?
11. Have you ever used people you met here to secretly further your personal gain outside of the organization?
12. Do you feel Scientology is a fraud or racket?
13. Do you complain about how overworked and underpaid you are?
14. Do you ever privately laugh at the antics of your superiors?
15. Have you ever slowed things down just because your superiors wanted them speeded up?
16. Do you think it really doesn't matter whether you do a good job or not?
17. Do you intend to quit just as soon as you've achieved your own ends?
18. Do you illegally have anything in your personal possession that really belongs to us?
19. Do you get satisfaction out of not doing your job?
20. Have you consistently covered up the blunders and mistakes of other staff members so they won't be found out?
